County \_\_\_\_\_

**Directions:** Please complete both sides of this form, in sufficient detail to clearly identify your county's program goals and achievements. Additional pages may be attached as necessary. A county that funded several programs with its SFY 14 grant may consolidate all programs onto one evaluation form, or may use one form for each program.

- 1. State the target group(s), program component(s) and measurable objective(s) of your county's final approved plan. Identify which components were modifications to the original plan, if any.**

[Example: Serve 60 habitually truant youth through a Report Center. 90% of youth will have fewer than three days of unexcused school absence while in the program.]

- 2. For each objective, identify and quantify what was accomplished.**

[Example: 25 chronic offender youth at risk of out-of-home placement were given home detention with electronic monitoring. One had to be placed in a group home, and the rest remained in their own homes.]

3. **What problems were encountered in meeting the objectives?**  
[Example: Lack of referrals from court intake initially caused slow start-up and difficulty in filling the parent-child education groups.]

4. **Were there more global/less measurable benefits that occurred as a result of implementing the program component(s)?**  
[Example: The high school and the tribal human service agency developed a more explicit commitment to jointly intervene in truancy cases.]

5. **Additional comments:**  
[Example: Outstanding balances that will not be spent by your county.]
